

ALDER HEY CHILDREN'S HOSPITAL, LIVERPOOL.

Alder Hey Children's Charity raises vital funds to help make Alder Hey Children's Hospital a truly world-class, patient-friendly hospital for the **330,000** patients and families we care for every year.

Alan and Liz Brooks of Crosby have 4 grandsons and each one has had cause to visit Alder Hey. Isaac spent 9 of his first 17 weeks of life at AHCH as doctors struggled to discover why he had breathing problems. Nurses cared for him and his parents day and night. He is now a robust 4 year old in Reception class at school!

Every £ raised increases Alder Hey's ability to provide a wide range of life-saving medical equipment and facilities that are making a real difference to families every day.

THANK YOU for any donation you can make towards our special Christmas appeal.
