

Dementia UK provides specialist dementia support for families through our Admiral Nurse service.

When things get challenging or difficult for people with dementia and their families, Admiral Nurses work alongside them, giving the compassionate one to one support, expert guidance and practical solutions that can be difficult to find elsewhere.

They are a lifeline - helping families to live more positively with dementia in the present, and to face the challenges of tomorrow with more confidence and less fear.

Visit us at our home website to find out more about what we can offer: www.dementiauk.org
